Computer Literacy – Year 5

Welcome to your Conquesta Olympiad. As you read and answer the questions, we hope that you enjoy and learn from the information. Once you have read the information and the questions carefully, you have to make a choice. When you have decided which of the answers is correct, completely fill in the matching square on your answer sheet using a 2B or a B pencil. For example, if the answer to question 4 is c, then neatly fill in the square containing c next to the number 4. See example below. Fill in only one square per question and make sure you completely rub out any mistakes so that the answer is clear.

Example:-

4.	a	b		d
----	---	---	--	---

Desktop Publishing

Desktop publishing software is a computer tool that is used to make most of the newspapers and magazines that you see everyday. The students use a software program to create a newsletter. There are several terms that they need to know before they can begin this exercise.

Match the terms in (a) – (d) to questions in 1–4.

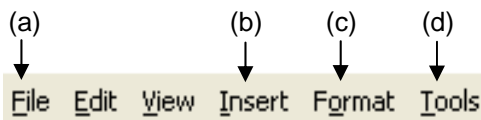

(a) Headlines (b) Text (c) Graphics (d) Import

1. What do we call pictures such as photographs, pictures, graphs and maps?
2. What do we call the writing in a document?
3. What do we call the words at the top of a page or story?
4. What do we call it when we bring photographs or pictures into a publication?

On the right is the front page of the newsletter that one group designed.

5. They chose the layout of their newsletter from a menu in the software program. What name is given to this type of document?
(a) blank presentation (b) template
(c) design (d) layout

Look at the menu bar below. Match the commands in (a) – (d) to questions 6-9.

6. On which command did they click to check spelling and grammar?
7. On which command did they click to open a new document?
8. On which command did they click to create bullets?
9. On which command did they click to import a graphic into their document?

GRADE 5 NEWSLETTER

Publishers: Matthew, Bhavani, Siphokazi
Issue Number: 8
Date: August 2008

VIKINGS

We learnt about Vikings this month. Here are some interesting facts.

- The Vikings came from Scandinavia.
- Viking warriors sailed in fast, sleek *drakkar* (dragon ships).
- The Vikings sailed south to attack villages and churches around the coasts of Europe. They seized valuables and kidnapped men, women, and children to sell as slaves.
- Wherever they travelled, the Vikings brought violence. But they also brought their own rich culture.
- They were expert craftspeople, carving wood, stone, bone, and antlers into useful everyday objects.

BIRTHDAYS

Brett	11th August
Sandy	14th August
Tasneva	20th August
Themblisa	28th August

It was a busy birthday month.

Emily's duck, Gemima, had 5 ducklings.

Jacob's dog, Pippa, had 5 puppies.
