## Life Skills – Year 7

Welcome to your Conquesta Olympiad. As you read and answer the questions, we hope that you enjoy and learn from the information. Once you have read the information and the questions carefully, you have to make a choice. When you have decided which of the answers is correct, completely fill in the matching square on your answer sheet using a 2B or a B pencil. For example, if the answer to question 4 is c, then neatly fill in the square containing c next to the number 4. See example below. Fill in only one square per question and make sure you completely rub out any mistakes so that the answer is clear.

Example:- 

4.	a	b	<input checked="" type="checkbox"/>	d
----	---	---	-------------------------------------	---

#### What is bullying?

It is important to realize that bullying doesn't just mean being ..1.. attacked – it can be using ..2.. remarks, stealing, sending text messages, ..3.., making someone fearful, feel ..4.., or do things they don't want to do.

It can mean different things to different people – from name-calling, teasing, hitting, stealing and rumour-mongering, to saying nasty things, ignoring you or forcing you to hand over money or possessions.

Although you might not have any sympathy for them, bullies have problems – maybe they don't fit in at school or maybe they have issues at home. They are clearly not happy with themselves, and by having power over someone else it makes them feel better.

Decide whether the statements in questions 8-10 are (a) True or (b) False.

8. **Bullying is not about you personally.**  
 9. **Bullies sometimes don't realize that they are being unkind – they do it in fun – to have a laugh.**  
 10. **You should never tell anyone if you are being bullied lest you be bullied even more.**  
 11. **Which one of the following should you not do if you are being bullied?**  
 (a) Don't take it personally. (b) Tell someone you trust.  
 (c) Become a bully too. (d) Remember it's not your fault.
